Pricing Guide

HOW DO YOU PLAN TO USE YOUR IMAGES?

At Holly & Ivy we always begin working with a family with the end goal in mind - stunning imagery of your precious loved ones adorning the walls of your home.

Don't get caught out as the parent who only has iPhone photographs and loses them all when their phone breaks! Instead create heirloom artwork with us that will be sure to stand the test of time.

To start with, we recommend looking around your home and try to find spots that could do with some life being injected in with gorgeous framed prints. Questions to ask yourself before your session;

- Where to display your portraits?
- What design would suit your decor best?
- Who do you want to give gifts to? Is your session around a gift giving time of year such as mother's day or Father's day (think pressies for Grandparents too!)
- Who would you love to have in your session? Would Grandma and Grandad adore a professional photograph with your children? Bring them along!

Payment process: A Session fee will be due at the time of booking, this secures your time in my studio. This is £100 for newborns and £50 for family sessions. Package selection will be made once images have been viewed around 2 weeks after your session and is in addition to the session fee.
